Foam Soap Spray

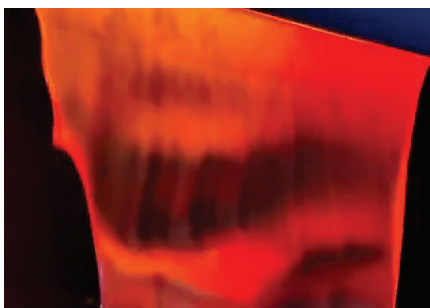

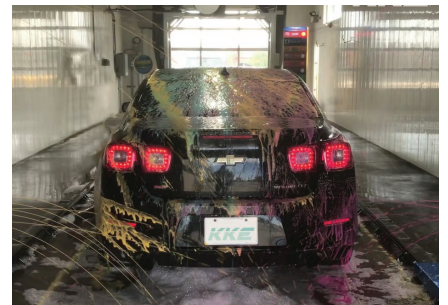

A revolutionary car wash solution that delivers a rich lather for thorough cleaning and a brilliant finish.

Captivate customers with its superior performance, providing an engaging and visually appealing experience in a compact and efficient package.

Triple Foam Wax

Elevate customer satisfaction by offering an immersive and effective cleaning experience, making your car wash stand out in the market.

The Triple Foam Wax equipment ensures a premium service, attracting customers seeking top-notch quality and advanced technology for their vehicle care needs.

Lava Foam

Engulf your customers' cars in active Foam with the Lava Foam Technology with attractive lighting.

Transforming Car Detailing : Benefits

Enhanced Efficiency and Time Savings

Detailers can streamline their operations, reduce manual labor, and complete more car washes in a shorter amount of time.

Improved Customer Experience and Satisfaction

Installing Arrowclean in your car detailing business adds a touch of innovation and modernity, setting your services apart from competitors.

Versatility for Various Detailing Needs

Arrowclean's multiple spray options cater to different detailing needs, from basic rinsing to applying specialized foam for a deeper clean

High Pressure Add On (Optional)

The Arrow Clean's High Pressure Add-On feature takes car cleaning to the next level by delivering a powerful stream that efficiently blasts away stubborn dirt and grime.

Control System

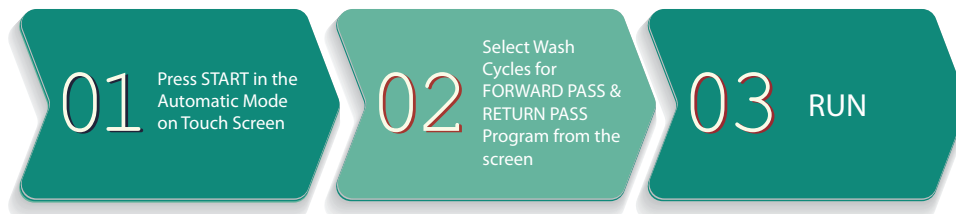

The equipment consists of an Advanced onboard Programmable Logic Control and a Touch Screen Interface for the equipment operation.

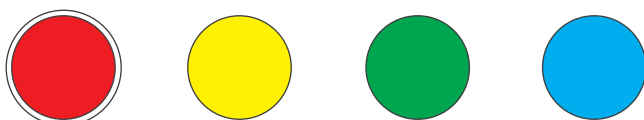

Equipment Operation

Arrowclean Equipment works on a Pass based program. The operator needs to select the program to run for the next pass.
